Chapter 1 by the smiling man

He created a website called "Story Wars".

Then the madness started.

Chapter 2 by Jonnie Green- Movie Maker Jedi and Super Awesome Story Writer (P.S. This is a SECRET identity)

First, Intellikat took over.

Intellikat was the emblem of true evil.

And not only that, he was a DOG!

But recently, Intellikat was killed.

Some Story Warrior took down the kat; or perhaps it was a nemesis from the kat's physical (not virtual) life.

Regardless, they took over the kat's account.

Now, we have IntelliJack.

And honestly, Intellikat was better.

I mean, yeah, I started wars against him, and called him a dog, and was pretty clear that I wanted him down...

But I liked that kat better than this jack.

Now I'm not saying I liked Intellikat. 'Cause I most assuredly did not.

But I *really* don't like IntelliJack.

Like, seriously really really dislike him just short of hate.

Why don't I hate him?

That requires explanation.

You see... I am a superhero (as you probably all know by now) so I don't kill people. I save them.

And some Dude once said that if you hate someone, you've murdered them in your heart.

So, not going there.

Both of whom are noble and brave Story Warriors. They have helped Joakim over the years, helping him make sure no one kills anyone (except for Intellikat; majority vote), and they do their best to keep spam out of the stories, and start a lot of the best stories (if you ask me).

Occasionally SaintSayaka has even suggested changes to some of my drafts; something I consider quite an honor (to receive tips from a tried-and-true Story Warrior); and even had Joakim reply to me once or twice in the forums.

Ah, yes, the forums...

The forums are newer than the SW site itself, as they were added sometime afterwards. I really like the discussions in the Feedback and Writing threads, and I enjoy spending time in the Roleplay forum as well.

The Roleplay forum is something else.

A jumbled mix of good and ridiculous, and somewhere in between; the really good roleplays are a lot like the stories without the voting; whereas the ridiculous ones (for example; Boredom Warriors) are just a few of us nuts (ObjectLiterature, GeekGirl, FangirlBasics, myself, and occasionally a visit from Hester or someone else) rotting, throwing ridiculous objects (bananas, magic hammers, x-ray machines, etc) at each other, ducttaping people to ceilings, turning me into crazy creatures, and generally making a ruckus in the different fictional worlds we create as we write.

Some of the roleplay threads are in between; for example, Pretty Brainless Businessmen: Prison Break. I'm Discord in that one.

There's a lot Joakim has done on this site and a lot more that he, SaintSayaka and Phantim will do in the future, I'm sure.

I would like to know, though, how Joakim came to choose that as his user name.

I like it. But there must be a story behind it. I'm sure Joakim?
